

MAINTENANCE SOP

Generator

- Change oil and filter as weekly (follow provided training step by step!)
- **DO NOT get wet** (use plywood behind passenger seat if needed)
- Always run on a **level surface** (use plywood behind passenger seat if needed)
- Do NOT run air compressor and pressure washer at the same time
- Never have 3 big machines on at once (air compressor, pressure washer, vacuum, steamer)

Vacuum

- Empty at Casey's when full
- Empty **after every extraction job**
- Keep hoses clean
- Clean filter weekly

Air Compressor

- Fix leaks immediately
- Clean tornador
- **Do NOT leave air in tank when not in use**

Water Tank

- Maintain **50–80 gallons minimum**
- Use customer water if offered
- Ask to use water if running low

Brushes & Scrub Pads

- Hand wash in sink
- Use Dawn dish soap

Towels

- Use **Rags to Riches detergent** (main thing is no dyes or perfumes in the detergent)
- Wash: cold water only
- Dry: delicate / low heat
- Exterior towels: wash separately, extra delicate, may require multiple dry cycles
- **Do NOT wash last minute (risk of not drying in time)**

Generator (Oil change)

- Setup: table setup by van on side of road of house, generator on table, oil rug under, towels on standby, and drain pan.
- Open generator oil stick and tilt onto the drain pan with funnel as second person holds the pan. Cautious while tilting can tilt the table as well.
- Clean area
- Use funnel to pour in 5w-30 oil (.4 quarts)
- Check oil level and make sure its barely on the threads where you twist on the oil stick. (DO NOT OVERFILL, IT SHOULD BARELY BE SEEN)
- Check air filter and make sure its dry, maybe use damp towel for quick wipe then towel dry it.
- Run generator for 5 minutes on level surface

Equipment & Supplies

- Charge drill brush batteries daily
- Fill all bottles before starting the day

Fuel Check (Daily)

Before every detail:

- Check van gas
- Check generator gas
- Check gas can
- Fill at Casey's using Matrix card

Inventory

- Notify Habib when low on tools or chemicals
- Give **at least 1 week notice** before running out

End of Day

- **Get the van ready for next job (ALL REQUIRED TASKS)**
